Many complain that brushing only brings the oil to the surface, this is true, but as a certain amount will produce the oil, so many more strokes will remove it from the hair.

Ever since the young girls have taken to growing up at fourteen and fifteen they have taken steps towards the ruination of their hair by snarling and back combing it to cover a "rat." There are, however, a few girls of this age who still wear their hair in braids and they invariably have beautiful thick locks. AT PUNAHOU **BREAKS RECORD**

The registration at Punahou this So often a girl who is wearing a year in both the college and the predainty lingerie frock will for some paratory school was large. The final figures for the first day's enrollment at both schools have just been made up. Two hundred and three registered at the college. The figures have hovered around 200 for the last two or three years, but it is believed at the college that this is the biggest first day's number on record. As there are only 209 seats in the assembly hall, there is every prospect of a full house when the late arrivals

come straggling in. The first day at the preparatory school saw 40s enrolled. As compared with 367 in 1911, and 336 in 1910, this snows an increase which is accounted for only in part by the new building and additional teachers.

The music department shows also a large enrollment. Miss Clarke, Miss Cadwell and Mrs. Ewing, in the piano department, have been busy straightening out schedules for the numerous pupils. Miss Collais, who took some special courses in voice this summer at the Coast, has her usual large enrollment, which includes many adults. Mr. Miltner is planning to form an orchestra among the pupils in the violin department and later give a

PHYSICAL DIRECTOR OF Y. W. C. A. BEGINS WORK

Miss Margaret Chrisiy Tupper, who will have charge of the physical work of the Y. W. C. A., arrived yesterday on the Honolulan and will begin her duties at once. Miss Tupper comes here well recommended and prepared for her work and has already outlined her plans for the fall and winter work. She is a graduate of Tufts College and has had a special course in physical training at Dr. Sargent's school. She has also had experience in teaching, having had the physical culture department in conjunction with physiology in high school work. Miss Tupper expects to spend the remainder of the month in organizing classes and will begin the regular work on October 1. She will teach 1st prize, \$25 trophy; 2nd, \$15 Swedish gymnastics, calisthenics, wand drills, folk dancing and fencing,

CIVIC FEDERATION PLANS IMPROVEMENTS

Five members of the civic federation were present at a meeting held yesterday afternoon in the public service rooms, and as there were not enough members present to constitute a quorum, matters were discussed informally and unofficially.

The arrival of the new public drinking fountains and of the new metallic street signs was reported, and the most important matter discussed was the report of the educational committee on vocational schools, The sub. lect will be taken up at the next meeting of the federation with a view to supporting and carrying out the sug-

Reports were submitted to the fedration showing the desirability of taking definite action with reference to the systematic development of the streets to be laid out on Punchbowl slopes. These reports stated the desirability of placing sewer, water and gas pipes, paving the streets and, if ossible, of the laying of all the wires, of the government electric, Hawaiian electric, police and fire calls and telephone wires in underground conduits. ent of public works was in favor of the laying out of the streets in accord-
